- Pick your team of 11 players with 3 substitutes.
- Choose 2x tactic cards for extra gameplay power.

- Lay your cards face down in formation.
- Decide who goes first by flipping a coin.

Step 6

Step 7

Tactic cards

Choose up to 2x Tactic cards for each match.

Possession card

If you lose a round, use this card so you can choose first in the next round.

Agent card

Add an extra £5m to your pro game budget.

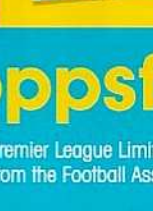

Referee card

Use any time to deduct 5 from your opponent's score.

Base card boost

Add 10 to one of your player's scores. Do not use with shiny cards.

Scout card

Use the Scout card to look at any one of your opponent's cards. The card must be played at the start of your move and not in response to your opponent. Once the card is played and you've seen your opponent's card, you may play the rest of your go.

Injury card

Force your opponent to remove a player of your choosing. They must replace with a sub, if they have used all their subs and there is an empty card holder at the end of the game, this counts as a goal for you.

Pro Rules

Make a full team for no more than £100m (including substitutes)

Players should only feature once in your team

You can only use 1 x 100 Club in your line-up
